

We at Compass are prepared to start meeting services safely now that meeting restrictions have begun to be lifted by the government. By following these guidelines together, we guarantee the safety and health of our guests and employees. Please read these guidelines before you arrive.

REMEMBER HAND HYGIENE

Remember to wash your hands immediately when you arrive at the meeting room. You will find hand sanitizer at several locations in our facilities. Hand sanitizer is also available in each meeting room.

BE PUNCTUAL, FOLLOW THE SCHEDULE

Please arrive on time. We schedule meeting bookings so that our guests of different occasions come across each other as little as possible.

YOU ARE WELCOME HEALTHY

Please arrive at the meeting healthy. If you have Covid-19 disease symptoms, please stay home.

RESPECT SAFETY DISTANCES

We have rearranged our meeting rooms so that safety distances are realized. Distance between chairs in the meeting rooms is 1.5 metres.

SAFE SERVICE

We deliver the pre-ordered servings to the meeting room before each meeting. You can find a phone number in the meeting room, which you can use to reach us quickly and safely if necessary.

SAFE AND HYGIENIC FACILITIES

We have enhanced sanitation. We disinfect the contact surfaces of common areas (door handles, etc.) several times a day. We organize and clean meeting rooms to be safe between events.

SOCIAL DISTANCE

Try to avoid using common areas. Only move outside the meeting room for compelling reasons.

SAFETY IS CARING!
